Dear Rescue Partner,

The Animal Resource Center is committed to working with our rescue partners in providing the best possible outcomes for the dogs and cats who enter our facility. We would like to take this opportunity to thank you for everything your group does for animals here in Ohio or nationally. Without the support and commitment of organizations such as yours, it would be impossible for the Animal Resource Center to accomplish our goals of saving more lives and finding homes for our wonderful animals.

To become one of our rescue partners, please fill out the appropriate paperwork that you will find included with this packet. Not all of the paperwork will need to be included, and there are some forms (such as the Ohio Department of Agriculture registration) that are not included with this packet.

Paperwork All Rescues Must Include:

- Rescue Profile – this provides information about your organization
- Transfer/Rescue Agreement – this is the agreement between your organization and ours
- 501(c)(3) Letter of Determination or Application Filing Receipt (copy)

Paperwork if your organization is from the state of Ohio:

- Ohio Department of Agriculture Rescue Registration (copy)

Paperwork if your organization is from out of state:

- Secretary of State Corporation Registration (copy)

Paperwork you may fill out if necessary:

- Partner ID Registration Form(s) – The Rescue Profile allows you to specify up to 2 people to represent your organization and retrieve animals from our facility. You may authorize up to four (4) additional people by filling out and signing this form.

Thank you for taking the time to fill out and submit our required paperwork. You may return it to:

Animal Resource Center Transfer/Rescue Agreement

The ARC values each life that enters the facility. We take every animal seriously and are committed to ensure that animals have the most successful future possible. We require that interested Rescue Partners complete the Rescue Profile and Transfer/Rescue Agreement before being considered a partner.

Not ALL animals in our care are candidates for rescue just because they are a specific breed. If the ARC has the space in the facility and the dog is adoptable, the ARC will attempt to adopt the animal into a new home. If the animal has been made available for adoption it may be considered as a rescue candidate. If an animal has a behavior and/or medical condition, or under special circumstances, such as reaching capacity at the ARC, then the animals will also be considered for rescue transfer.

Any amendment of fees or animal selection must be approved by Management.
